The experience speaks for itself™

## DATASHEET

### Dragon™ NaturallySpeaking® Medical 9

The accuracy, performance and ease-of-use of Dragon NaturallySpeaking Medical 9 make it the ideal solution for medical professionals looking to lower transcription costs

and improve the quality of patient care. Dragon NaturallySpeaking Medical 9 is up to 99% accurate. Simply dictate your patient notes and watch as Dragon NaturallySpeaking Medical 9 transcribes in real-time. You'll never have to wait for transcription again!

Use Dragon NaturallySpeaking Medical 9 with any computerized patient records application, as well as the full Microsoft® Office suite. Dragon NaturallySpeaking Medical 9 also comes with a complete library of 14 medical specialty vocabularies covering over 60 subspecialties, as well as the tools to further customize vocabularies for a specific practice. Access Dragon NaturallySpeaking Medical 9 from any workstation on your organization's LAN, and even deploy in Citrix® environments. Dragon NaturallySpeaking Medical 9 is equally suited for individual practitioners and large hospitals.

### THE MOST ACCURATE DRAGON NATURALLYSPEAKING EVER!

Dragon NaturallySpeaking Medical 9 is up to 99% accurate.

### OPTIMIZED FOR MEDICAL ENVIRONMENTS

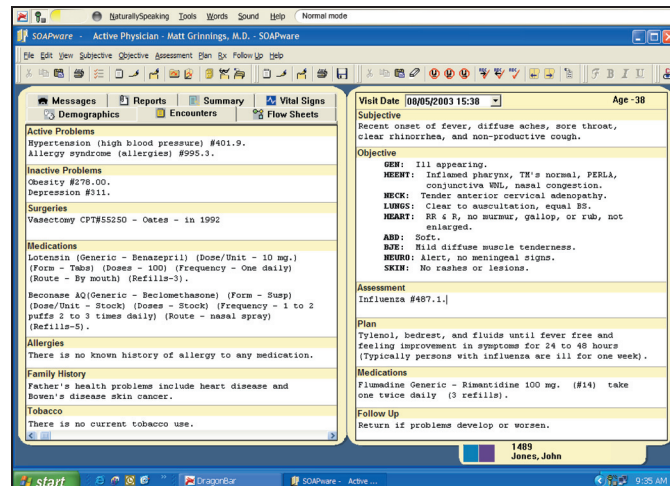

Designed to work with virtually any electronic patient records application. It includes a full library of 14 medical specialty vocabularies covering over 60 subspecialties, including: cardiology, emergency, general medicine, mental health, neurology, Ob/Gyn, oncology, orthopedics, pathology, pediatrics, radiology, surgery and others.

### SUPPORT FOR CITRIX® THIN-CLIENT ENVIRONMENTS!

Deploy Dragon NaturallySpeaking Medical 9 on a Citrix server so dictation can be available from Citrix thin-clients throughout your organization.

### ENTERPRISE READY – EASE OF ADMINISTRATION

Install and manage Dragon NaturallySpeaking Medical 9 from a central network location. Easily manage user profiles, vocabularies and installations of Dragon NaturallySpeaking over a network.
